Impact Of Employee Participation On Job Satisfaction

We explore the relationship between employee trust of managers and workplace performance. We present a theoretical framework which serves to establish a link between employee trust and firm performance as well as to identify possible mechanisms through which the relationship may operate.

EFFECTS OF MOTIVATION ON EMPLOYEE PERFORMANCE: A CASE

Employee motivation, i.e. methods for motivating employees, is an intrinsic and internal drive to put forth the necessary effort and action towards work-related activities. It has been broadly defined as the "psychological forces that determine the direction of a person's behavior in an organisation, a person's level of effort and a person's level of persistence".

Greenberg (1987) introduced the concept of organizational justice with regard to how an employee judges the behaviour of the organization and the employee's resulting attitude and behaviour. (e.g., if a firm makes redundant half of the workers, an employee may feel a sense of injustice with a resulting change in attitude and a drop in productivity).
