Toothache, also known as dental pain, is pain in the teeth or their supporting structures, caused by dental diseases or pain referred to the teeth by non-dental diseases. When severe it may impact sleep, eating, and other daily activities. Common causes include inflammation of the pulp, usually in response to tooth decay, dental trauma, or other factors, dentin hypersensitivity, apical ...

Extracting faces The classifier will work best if the training and classification images are all of the same size and have (almost) only a face on them (no clutter). We need to find the face on each image, convert to grayscale, crop it and save the image to the dataset.

Emotion Recognition With Python, OpenCV and a Face Dataset

These disparities are growing despite the fact that over the past two decades, closing the test-score gaps between affluent and poor children has been a central aim of national education policy, as embodied in President George W. Bush's No Child Left Behind law and President Barack Obama's Race to the Top program.
