Impairment of financial instruments under IFRS 9 - EY

Financial instruments are monetary contracts between parties. They can be created, traded, modified and settled. They can be cash (currency), evidence of an ownership interest in an entity (share), or a contractual right to receive or deliver cash (). International Accounting Standards IAS 32 and 39 define a financial instrument as "any contract that gives rise to a financial asset of one ...

A financial transaction tax is a levy on a specific type of financial transaction for a particular purpose. The concept has been most commonly associated with the financial sector; it is not usually considered to include consumption taxes paid by consumers.. A transaction tax is not a levy on financial institutions per se; rather, it is charged only on the specific transactions that are ...
