Ethics or moral philosophy is a branch of philosophy that involves systematizing, defending, and recommending concepts of right and wrong conduct. The field of ethics, along with aesthetics, concern matters of value, and thus comprise the branch of philosophy called axiology.. Ethics seeks to resolve questions of human morality by defining concepts such as good and evil, right and wrong ...

Anthropology is the holistic "science of humans", a science of the totality of human existence. The discipline deals with the integration of different aspects of the social sciences, humanities and human biology. In the twentieth century, academic disciplines have often been institutionally divided into three broad domains.

At first, the claim that atheism is a religion might sound ridiculous. It certainly can be a surprising claim. And itâ€™™s one that many people, including western atheists, might initially dismiss out of hand. But thereâ€™™s more to the story here. There is a case to be made that, in a very real sense ...
