The original rules of Senet (the game of passing) are unknown, no record of the rules has ever been discovered. But through imagery found on ancient tomb walls and actual Senet artifacts found through excavation, some have attempted to reconstruct the rules. In this version of Senet we are using what are known as Kendall's Rules.

### **SENET - An Ancient Egyptian Board Game**

The game board had thirty squares laid out in three rows of ten. Some of the squares had symbols on them and the path of the counters probably followed a reversed S across the board. Ancient Egyptian Game of Senet The symbols represented either good or bad fortune, and affected the play accordingly.

drown together with his game pieces. I throw him into the water." Draughtsmen who landed on it had to be removed from the board. The final square, 30, was that of Re-Horakhty, the name of the sun god as he rose into the dawn. By crossing this square with each of their pieces, players successfully completed the game of senet.

### **In Search of the Meaning of Senet**

Play with 5 game pieces. Senet is a two player game. Each player gets 5 game pieces at the beginning of senet. You must move all these pieces off the board in order to win. Pieces are usually rocks but you can also use pennies or other coins. Any small, movable object can be used on a senet board.

### **How to Play Senet: 7 Steps (with Pictures) - wikiHow**

Scholars and board-game-lovers have invented modern rules for Senet, based both on ancient Egyptian depictions of people playing Senet and on the several surviving copies of the game. Iâ€™ve read through several modern reconstructions of the game, but all the modern rules seem overly complicated.
